DIGITAL MENU BOARD

Digital Menu Board Triple Sided

MERIDIAN

Designed to make your menu impossible to miss - indoors or out.

Meridian Menu Boards provide a flexible, dynamic way to present menus, promotions, and other guest-facing content. Available in indoor and outdoor configurations with single-, double-, and triple-sided options, they are designed to deliver clear, engaging digital displays across a variety of restaurant and drive-thru applications.

Canopy Drive-Thru Menu Board

An optional overhead canopy provides added protection for digital menu boards and ordering devices while creating shade for improved outdoor performance. Customize the canopy with Pantone color and matching graphics for a polished, branded appearance.

Designed in the USA. Controlled End-to-End.

Meridian designs and engineers every solution in-house, with integrated oversight of quality and timelines from concept through completion. OEM solutions available upon request.
