MERIDIAN
SMART LOCKER SOLUTIONS

Library Locker

Designed for Automated Library Pickup & Returns

Meridian's Library Locker connects directly with a library's records system to automatically update the status of items as they are borrowed and returned. Once items are placed in the locker, patrons simply scan their library card to access their designated compartment. The system automatically records the transaction and updates the item status within the library system, creating a convenient, streamlined experience for both patrons and library staff.

Features:

- 24/7contactless delivery and retrieval
- Various compartment sizes
- Tamper-resistant design
- Remote management
- ADA compliant

Finish Options

+ Black | Silver | White
+ Custom Pantone color matching
+ Full-Color Lexan Laminated Graphics

Designed in the USA. Controlled End-to-End.

Meridian designs and engineers every solution in-house, with integrated oversight of quality and timelines from concept through completion. OEM solutions available upon request.
